

AVANTIK BLOCK STORAGE CABINET

The Avantik Block Storage Cabinet is the industry's first jam-free, hassle-free block storage cabinet. The thoughtful cabinet design provides more clearance between the tops of the blocks and the drawers to allow you to open and close them effortlessly. The cabinet can hold up to 1,500 cassettes. The optional cabinet base and locking casters are the perfect complements to the cabinet. The base is designed to hold the cabinet using reciprocal grooves to secure the cabinet - keeping your blocks off the floor. The locking caster wheels allow for easy mobility of the entire cabinet stack.

Features

- More drawer clearance
- Interlocking, stackable cabinets
- Capacity of up to 1,500 cassettes

Benefits

- Eliminates jams
- Keep your blocks safe and off the floor
- Easy mobility of the entire cabinet stack
