## Program Benefits:

- Improved laboratory air quality
- CAP, CLIA and OSHA compliance
- Worry free filter delivery & installation
- Installation documentation provided

On the left is a sample of the paperwork that we will leave with you after every filter replacement. This will satisfy OSHA, CAP and CLIA requirements with regard to tracking the frequency of filter replacements. Count on Avantik to take care of the stock, shipping, installation and removal of your old and contaminated filters. Please call to set up your appointment to have your local representative come out so we can get you started today!
