

August 8, 2014

PRODUCT: Blood Bank Saline, Buffered (Isotonic Sodium Chloride Solution, 0.85%)

PRODUCT CODE: RS4296

To Whom It May Concern:

This product does not require a Safety Data Sheet (SDS). CFR 1910.1200, App. E (B) states that “Chemical manufacturers...are required to obtain or develop a material safety data sheet for each hazardous chemical [as defined by CFR 1910.1200 (c)] they produce...”

To the best of our knowledge, this is a non-hazardous product, and therefore is not subject to this requirement.

Although this product does not normally require specific hazard precautions, chemical users should always take care to minimize personnel exposure and workplace contamination.

Please contact us if you have any questions.
