4. First-Aid Measures

Inhalation: Move person to fresh air. If breathing has stopped, give artificial respiration. Get medical attention immediately.

Skin Contact: Remove contaminated clothing and shoes. Wash with soap and large amounts of water for at least 15 minutes. Get medical attention immediately.

Eye Contact: Flush with large amounts of water for at least 15 minutes while lifting upper and lower lids. Get medical attention immediately.

Ingestion: Do not induce vomiting! Do not give liquids! Get medical attention immediately!

5. Fire-Fighting Measures

Extinguishing Media: Dry Chemical, Carbon Dioxide, Water Spray, Alcohol Foam

Fire/Explosion Hazards: This liquid is volatile and gives off invisible vapors. Either the liquid or vapor may settle in low areas or travel some distance along the ground or surface to ignition sources where they may ignite or explode.

Fire Fighting Procedures: Do not use a direct stream of water, product will float and can be reignited on surface of water. Static electricity may accumulate and create fire hazard. Ground all equipment. Wear self-contained breathing apparatus and protective clothing.

Sensitivity to Static Discharge: N/A

Hazardous Decomposition Products: N/A

Flash Point and Method: 79°F

Flammable Limits: Lower 1.1 Upper 6.6

6. Accidental Release Measures

Personal Precautions: Shut off and eliminate all ignition sources.

Protective Equipment: N/A

Emergency Procedures: Ventilate confined areas.

Environmental Precautions: N/A

Methods and Materials for Containment: N/A

Methods and Materials for Cleaning Up: Pick up spill with absorbent vermiculite and containerize for proper disposal.

7. Handling and Storage

Handling: N/A

Storage: Store in a cool, dry, well-ventilated area. Protect against physical damage. Keep container tightly closed when not in use. Keep away from heat, sparks, flame, or strong oxidants.

8. Exposure Controls and Personal Protection

Permissible concentration: N/A

Engineering Controls: N/A

PERSONAL PROTECTIVE EQUIPMENT

Respiratory Protection: Use a MSHA/NIOSH approved full face piece respirator with an organic vapor cartridge in concentrations above established TLVs.

Hand Protection: Use chemical resistant gloves.

Eye Protection: Use splash goggles or face shield.

Skin and Body Protection: Remove contaminated clothing and shoes. Wash with soap and large amounts of water for at least 15 minutes. Get medical attention immediately.

Protective Clothing: Eye wash station, safety shower, protective clothing

Ventilation: Use only with ventilation sufficient to prevent exceeding recommended exposure limits. Provide local and general ventilation.
